

Please note:

Authority obtained from DIO to extend your occupation in SFA, for whatever reason, does not constitute authority for publicly funded removals if your requested collection date falls outside of the timescales prescribed by JSP 752.

All removal requests are assessed by the contractor against the criteria laid down in JSP 752, Chapter 7, Section 3. If your removals application sits outwith the prescribed policy it will not be processed and will be returned to you or your Unit, highlighting where it fails to meet the policy requirements.

The only Department with the authority to grant dispensation outside of the regulations is SPVA PACCC, full details of how to submit casework can be found at Annex A to Section 1, Chapter 1 of JSP 752.
