

With you in Wales

Boosting our support for military families living in Wales

AFF has received funding from the Welsh Government to explore whether military families in Wales can feel lonely and isolated.

AFF would like to invite you to
a virtual connect and chat

on **Tuesday 17 March, at 8pm**
in the comfort of your home!

Come together with other military families in your area for a chat over Skype. Grab a cup, mug or glass of something nice and join in the conversation about service family life.

To register your interest, contact Annabel Ingram
