

How To Get Your Vaccine Certificate For Defence Patients

What you will need

Please note, ModNet devices cannot be used for initial setup. Scottish based service patients must use NHS Scotland Inform.

Yourself

Photo ID

A Personal Device

Your NHS Number

Which version do I use

downloading the NHS App

Don't

using the online NHS COVID Pass service

Do

How to access

1

Setup up a NHS Login by accessing NHS online services

2

Select 'Get your Covid vaccination certificate'

On the NHS website

You can view and download your COVID-19 vaccination status online.

You need an [NHS login](#) to do this. You will be asked to create an NHS login if you do not have one already.

NHS login registrations may take longer than usual when there are high numbers of requests. You will need to register at least 2 weeks before your departure date.

By calling 119 for a letter

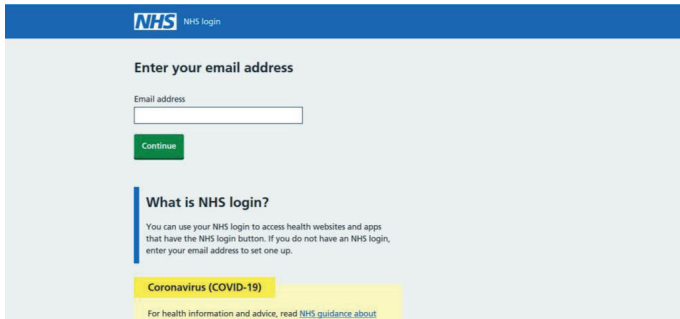

You can call 119 and ask for a letter with your COVID-19 vaccination status to be posted to you.

This must be at least 5 days after you complete your course of the vaccine. The letter will take up to 7 working days to reach you.

Do not contact your GP

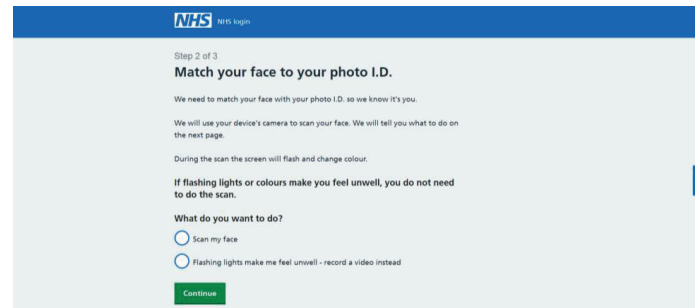

3

Use your NHS Login, with your email and password

4

You may have to validate your account using a camera

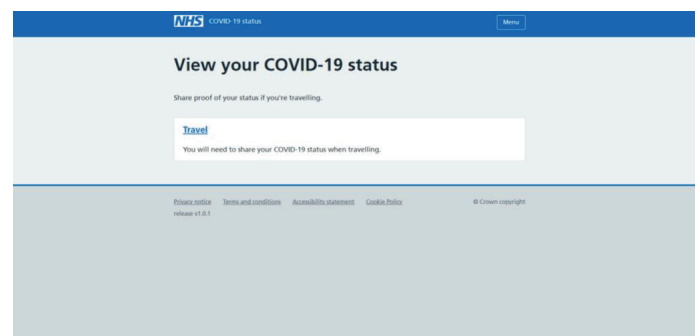

5

Once you have completed ID checks you should receive e-mail confirmation that this has been processed. You can now proceed with the final steps of obtaining your COVID vaccine certification. Be advised that ID check confirmation can take some time for the NHS to complete.

6

You can now access your COVID-19 vaccination status and certificate.

Key points

- If you are asked for your post-code it must be your registered medical centre postcode.
- The initial setup will not work on ModNet as it requires access to a camera to confirm your identity, though once you have confirmed your identity you can use your NHS login on ModNet to access the NHS Covid Pass.
- Defence Patients cannot use the NHS App.
- If the above procedure does not work (rare) then please contact the Defence Covid Help Desk
