

Dear Families,

Last summer, AFF, on behalf of the three Families Federations, carried out the [Future of Defence Housing Questionnaire](#). Thanks to the views you shared, we have already been able to make some meaningful improvements to SFA homes and the policies that support them. For example, families can now paint their homes or make certain enhancements during their stay, with the option to leave them in place when they move out.

This is just the beginning of a long-term, decadelong programme. Your feedback from the questionnaire on new builds, home ownership and wider housing improvements will help shape future plans. It's clear that the voices of Service families are being heard and are guiding real, positive change.

Thank you for taking part in AFF's recent questionnaire and for choosing to leave your contact details. We truly appreciate the time you gave and your willingness to stay involved as we continue this work.

As promised, we would now like to invite you to take part in further engagement opportunities. To help us make sure that you are still interested in participating and that we are hearing from a broad and balanced mix of families, we're asking you to complete a short survey to confirm some basic personal details. This information will only be used to support future engagement activities such as focus groups or short follow up surveys. Possible future consultation topics include the furniture provided by MOD and the layout of new build designs.

You can access the short survey using the link below: [Future of Defence Housing Questionnaire: Engagement opportunities – Fill in form](#)

Once completed, we'll add your name to our list of families who are happy to be contacted when new engagement opportunities arise. We will only get in touch when relevant opportunities come up, and you can opt out at any time. By completing this form, your personal details will be securely transferred to the Defence Housing Service in the MOD, who will coordinate future engagement activities. All data will be collected, used and stored in full accordance with GDPR requirements. Thank you again for your continued support in helping to make your house a home. We hope to engage with you again soon and look forward to working with you as the programme progresses.
